(Note)

Regarding the year-end dividend for the fiscal year ending in March 2018, the Company describes the amount as 1<sup>st</sup> Agenda at this 124<sup>th</sup> Ordinary General Meeting of Shareholders (page 7).

We consolidated two common shares of the Company into one as of October 1, 2017. The year-end dividend for the current term converted to the one based on the number of shares prior to the consolidation is equivalent to ¥16 per share. Therefore, the dividend for the current fiscal year will be ¥32 per share, including the interim dividend of ¥16 per share, which is the same amount as the year-end dividend for the fiscal year ending in March 2017 on the assumption that such conversion is made.
